Island Gin is a multi award-winning gin, locally made, inspired by the story of a ship wreck in 1665 around Bishop Rock. Survivors were rescued by the crew of a Pilot Gig from St Mary's. Part of that ship's rich cargo was pink peppercorns, now one of the 6 main botanicals, plus juniper, that make the vibrant Island Gin.

SC Dogs is a range of delicately balanced premium rums, vodka and brandy, with a clean, rounded finish and a tang of the sea, locally distilled, aged and bottled on St Martin's.
